PARTNERSHIP PROPOSAL

Invitation

Dear Sir/Madam,

The IEEE MTT-S with technical co-sponsorship from IEEE Bombay Section and IIT Bombay, announces the **2019 IEEE MTT-S International Microwave and RF Conference (IMaRC)** to be held during **December 13-15, 2019** at **IIT Bombay, Mumbai, India**.

This conference is held annually in India and provides a forum for the international community of microwave engineers to meet and present their latest technical achievements in the field of microwave, mm-wave and RF components, circuits, systems and modelling techniques.

IMaRC has developed into the premier microwave engineering conference in India and a premier microwave engineering conference in Asia. It draws an international audience that participates to exchange scientific and engineering principles related to microwave engineering. There are world class speakers from throughout the world, but equally interesting are the excellent speakers from India that discuss the technology development relevant to the Indian space industry, military and commercial market. Besides the excellent technical talks, there is an exhibition with companies showing their newest products and a technical sales force to answer your questions.

Delegates comprise of Industry Professionals, Researchers, Academicians, and Students from India and abroad. Over 200 Papers are expected to be presented, to over 400+ Delegates and 1000+ visitors, along with very high quality technical sessions, panel discussions, tutorials/workshops.

Nobel Talk : The Future of Astronomy – by Dr. John C. Mather, Nobel Laureate, Physics, 2006

Keynote at the Young Professional Forum - by Manasi Kirloskar, CEO of Kirloskar Systems Limited

Conference Highlights

- Four 1/2-day tutorials/workshops
- Keynotes by eminent international personalities (see above for already confirmed talks)
- Contributed & Invited papers
- Poster Presentation
- Special sessions on Women in Engineering, Young Professionals Forum, PhD Initiative
- Industry Exhibits
- Thought provoking panel discussions
- Extensive Networking opportunities

The event will offer an unparalleled opportunity to interact with delegates and showcase your organization and its products/service offerings, to industry luminaries, entrepreneurs, researchers, technocrats, policy makers, technologists, academicians and students.

The partnership offerings outline several options for support and participation during the conference. We look forward to your wholehearted support in making IMaRC-2019 conference a grand success.

With best regards,
